

TOOLS FOR FRP PROCESS

WET-OUT ROLLERS

Fibres are designed for quick pickup & release of resin. Suitable for all kind of FRP parts. Works well with both FR and unfilled resin systems. Push-fit refills are easy to replace.

Lambswool
RR70 series
Diameter: ½", 1"
Length: 2", 3", 4", 6"

Wooly
RR75 series
Diameter: ¾", 1½"
Length: 2", 4", 6"

Anzter
RR80 series
Diameter: 2"
Length: 4", 7"

Super Flock Foam
RR90 series
Diameter: 1¼", 3"
Length: 4", 10"

Super Fine Foam
RR95 series
Diameter: 1¼"
Length: 4", 6"

BASIC LAMINATING ROLLERS

Lasts long and survives even the most rigorous resin systems.

Paddle (Long Groove)
RL10 series
Diameter: ½", ¾", 1", 1½", 2"
Length: 2", 3", 4", 6", 8"

Finned (Thin Fin)
RL20 series
Diameter: ¼", ⅜", ½", ¾", 1", 1½", 2"
Length: 1", 2", 3", 4", 6", 8"

Steel Screw
RL40 series
Diameter: ⅜", ½", ¾", 1"
Length: 2", 3", 4", 6"

ADVANCE LAMINATING ROLLERS

POLe and PTFe are corrosion resistance. Have high lubricity and low friction.
Smooth functioning & robust performance. Non-stick properties, makes them very easy to clean.

Slotted Paddle (V Groove)
RL30 series
Diameter: ½", ¾", 1", 1½", 2"
Length: 2", 3", 4", 6", 8"

POLe Fin
RL45 series
Diameter: ⅜", ½", ¾", 1", 1½", 2"
Length: 2", 3", 4", 6", 8"

PTFe Fin
RL47 series
Diameter: ⅜", ½", ¾", 1", 1½", 2"
Length: 2", 3", 4", 6", 8"

Bristle
RL60 series
Diameter: 1"
Length: 2", 3", 4", 6"

CORNER ROLLERS

For edges and filets where flat rollers are hard to reach

Aluminium U-Type
RL55 series
Diameter: 2"
Length: ¼", ¾", 1½", 5/8"

Aluminium V-Type
RL57 series
Diameter: 2"
Length: ¼", ¾"

POLe U-Type
RL56 series
Diameter: 2"
Length: ¼", ¾", 1½", 5/8"

BUBBLE BUSTER

Lasts long and survives even the most rigorous resin systems.

Bubble Buster (Spike)
RL52 series
Diameter: ½", ¾", 1", 1½", 2"
Length: 2", 3", 4", 6", 8"

FLEXIBLE SPRING

Made of a flexible spring type steel core. Good for irregular and curved surfaces.

Flexible Spring
RL54 series
Diameter: 1", 1½"
Length: 4", 6", 8"

PANEL ROLLERS

Tools4frp offers large sized panel rollers for flat sheets, large surface and floor applications. Come complete with extension pole.

Paddle Pannel
RL15 series
Diameter: 2"
Length: 12", 16", 20"

Finned Pannel
RL25 series
Diameter: 2"
Length: 12", 16", 20"

ROLLER HANDLE

Threaded / Pus-Fit ends for attaching extension pole.

Threaded End
for attaching extension pole

Thumbs Rest

CATALYST DISPENSER

Product Code	Specification
MU10-01505	15 cc x ½ ltr. Bottle
MU10-05005	50 cc x ½ ltr. Bottle
MU10-05010	50 cc x 1 ltr. Bottle
MU10-15010	150 cc x 1 ltr. Bottle

MEKP - catalyst for polyester resin systems, being very explosive, should be handled with the utmost care. Slight change in ratio will either leave parts uncured or reaching the exotherm (cure) too fast.

Precise measurement of catalyst is of utmost important. These unique, graduated bottles are designed for that.

SPECIALITY WEDGES

JUMBO DEMOULDING WEDGE

Product Code	Specification
MU15-50825	3" x 10" (RIGTOUGH)

Our demoulding wedges are made with polymer material that will not scratch or damage mould surface.

AIR INJECTED - DEMOULDING WEDGE

Product Code	Specification
MU18-50816	3" x 6" (with air gun)

Air Injected wedge comes with an air gun. Useful for effortless de-moulding. Prevents scratching on mould surface.

DEMOULDING WEDGES

ECOFLEX - SOFT & FLEXIBLE

Product Code	Specification
MU16-50410	1½" x 4"
MU16-50515	2" x 6"
MU16-50425	1¾" x 10"

RIGTOUGH - STRONG & RIGID

Product Code	Specification
MU15-50410	1½" x 4"
MU15-50515	2" x 6"
MU15-50425	1¾" x 10"

HIGHPRO - STRONG & FLEXIBLE

Product Code	Specification
MU17-50410	1½" x 4"
MU17-50515	2" x 6"
MU17-50425	1¾" x 10"

BUCKET MIXING STICK

Product Code	Specification
MU20-50315 (R)	Plastic, 5~10 ltr bucket
MU20-50321 (L)	Plastic, 5~10 ltr bucket

These are excellent for mixing all types of viscous liquids like resin and gelcoat.

Mixers should be used instead of wooden stirrers to avoid contamination.

STEEL RESIN MIXER

Product Code	Specification
MU20-60615 (S)	Steel, 15~20 ltr bucket
MU20-60830 (M)	Steel, 25~40 ltr bucket
MU20-61050 (L)	Steel, 50 ltr bucket

Unique design which does not cause damage to the mixing container.

Easy cleaning with ACT-7 cleaner

PUTTY KNIFE

Product Code	Specification
MU25-27050	2" steel blade
MU25-27100	4" steel blade
MU25-28075	3" (multi-purpose)

These are perfect for applying fillers for composite part & mould repair.

Can also be used to scrape & remove residue from the composite parts.

SPREADERS

RESIN SQUEEGEE

Product Code	Specification
MU24-30018	7" wide

Handy spreaders suitable for epoxy and polyester resins. Ideal for spreading resin over reinforcement and to spread body filler, putty, and viscous adhesive.

PLASTIC SPREADER

Product Code	Specification
MU24-59010	3" x 4"

Plastic material is non-reactive and does not damage the composite surface.

EXTENSION POLE

Product Code	Specification
MU32-10102	AL, 1m - 2m
MU32-50003	Polymer, 12" long

Allows you to reach areas otherwise unreachable and reduces the amount of ladder work.

TAPE ROLLER

Product Code	Size (dia. x length)
MU45-25025	1" x 1"
MU45-25050	1" x 2"
MU45-25075	1" x 3"

The tacky tape roller is used to make sure a bond is made between the tacky tape, mould and vacuum bag in order to create an airtight seal to accommodate vacuum.

DISC ROLLER

Product Code	Size (dia. x length)
MU46-50006	2" x 1/4"
MU46-50009	2" x 3/8"
MU46-50012	2" x 1/2"
MU46-50015	2" x 5/8"

Discs are easy to use and have Evenly distributed pressure. They do not have sharp edges and thus prevents tearing of the vacuum bag or tape.

SANDERS

Product Code	Specification
MU27-50918	7" x 3 1/4" wide
MU27-50603	6 1/4" x 3 1/4" wide

Product Code	Specification
MU28-90712	3" x 5" wide

CUTTING, RUBBING & POLISHING COMPOUND

Product Code	Description
MU50-CT901	Heavy Cut
MU50-CT601	Fine Cut
MU50-RP101	High Gloss

Heavy Cut: Removes scratches and smoothens

Fine Cut: Smoothens and shines

High Gloss: Provides deep shine

PROTECTIVE EYE WEAR

Product Code HS10-01621

General industrial protection. Impact resistant lens, but not unbreakable

PROTECTIVE GLOVES

Product Code HS25-KG10M

Powder-free Blue Nitrile Gloves.
Single use.
1 Box contains 100 pairs.

SAFETY GLOVES

Product Code HS25-KG40L

Latex Coated Gloves.
Excellent grip.
Breathable liner for comfort.
1 Pack contains 1 pair.

BARRIER GOWN

Product Code HS30-KA07M

Suitable against protection from splash and spray. The Gown is made with engineered fabric for comfort, safety and strength. These gowns are very light in weight.

MOULDERS APRON

Product Code HS30-00000

Moulders Apron is made with leather for heavy duty work. Suitable for harsh nature of resins. Good for operator working grinding and cutting tools.

REUSABLE RESPIRATOR UP

Product Code HS14-06200

Industrial use.
Sold without cartridges.
Disassemble, clean & reuse.

CARBOY without SPOUT

Product Code HS14-C6003

Pack of 2 (left & right)
for HS14-06200

REUSABLE RESPIRATOR HP

Product Code HS14-01200

Suitable for organic vapour.
Sold with one cartridge.

CARTRIDGE 3301K

Product Code HS14-3301K

Pack of 1
for HS14-01200

EAR PLUGS

Product Code HS20-01110

Soft hypo-allergenic foam & tapered design.

EAR MUFFS

Product Code HS20-01426

Soft foam ear cushion.
Provides comfortable & secure fit.

SHEET WAX

Product Code	Thickness	Packaging
MM10-11050	0.5 mm	10 Sheets / box
MM10-11100	1.0 mm	8 Sheets / box
MM10-11200	2.0 mm	8 Sheets / box
MM10-11300	3.0 mm	4 Sheets / box

Self Adhesive, sheet size is 305 x 610 mm

YELLOW WAX FILLER

Product Code	MM18-20650
--------------	------------

It is a soft, smooth, permanently plastic and high-quality modelling dough made with beeswax. Our Wax Filler is used for pattern and mould making. It is a very good alternative for repairing cracks and defects on pattern and even moulds. Can also be affectively use for filling gaps between sheets of sheet wax and general void filling.

WAX FILLET RADIUS STICK

Product Code	Suitable Radii
MM19-40304	3 - 4 mm
MM19-40506	5 - 6 mm
MM19-40708	7 - 8 mm
MM19-40910	9 - 10 mm
MM19-41112	11 - 12 mm
MM19-41314	13 - 14 mm
MM19-41516	15 - 16 mm
MM19-40007	Full set of above 7 sticks

MOULD CONNECTORS

Product Code MM33-43600

FLANG VACUUM PORT
Made of Brass

Product Code MM34-22933

CLIPRING CONNECTOR
Made of Coated Steel

Product Code MM35-43906

MULTIUSE CONNECTOR 6mm
Teflon Lined Union

Product Code MM35-43910

MULTIUSE CONNECTOR 10mm
Teflon Lined Union

Product Code MM35-43706

MULTIUSE UNION 6mm

Product Code MM35-43710

MULTIUSE UNION 10mm

Product Code MM35-43700

MULTIUSE UNION
Universal Brass Union
without lining

Product Code MM35-50006

MULTIUSE PORT 6mm

Product Code MM35-50010

MULTIUSE PORT 10mm

Product Code MM35-30R10

'O' RING MULTIUSE CONNECTOR
pack of 10.

Product Code MM35-43799

MULTIUSE DUMMY PLUG
Universal size,
fits all

Product Code MM36-43900

ELGIRO CONNECTOR
